Subject: Modification of Notice of Intent (UTU-71615) to change authorized pond dimensions; Approved.

Dear Mr. Heugley:

On April 3, 2012, the Bureau of Land Management (BLM) received via email your Application to Modify a Notice of Intention (NOI) for your May Day Mill, UTU-71615 site. We have reviewed and determined that the request to modify one (1) previously approved on-site pond from 25 ft. x 25 ft. to two (2) 25 ft. x 60 ft. on-site ponds is in accordance with 43 CFR 3809.300. Therefore your request to modify your NOI is approved by the BLM with the following stipulations:

1. The pond(s) footprint(s) shall not extend beyond the currently established surface disturbance site footprint.
2. Measures shall be taken to assure that no uncontrolled release or overflow from the pond(s) occurs.
3. No hazardous or deleterious substances shall be introduced into the pond(s) or used in the water circulation system.

Review and approval of this modification by the Utah Division of Oil, Gas and Mining (UDOGM) is also required prior to proceeding. Acceptance of your NOI amendment will not now, nor in the future, serve as determination of the validity or ownership of any mining claim included under your notice.
